

WHICH IS THE CORRECT PILLAR LEADERS

Are you really, really, really a Peoples person. As a leader we know this can make or break us.

Control Freak

You like to TELL

You are always in your tribes "FACE"

If you do not see people "being busy" you get more than frustrated

You lack trust, is that because you have "passengers" or people do not do it your way every time or both?

Old style command and control military approach

Do you hire other control freaks?

Significant Leader

Builds trust by walking the walk and talking the talk at all times

Grow leaders around you with SPECIFIC programs by way of mentoring / coaching

"CHECK in " with the majority of your tribe weekly, be a great listener at these sessions, spend only max 10% talking.

Deliver value to your tribe every time you engage

Be FIRM but FAIR

Be truthful; tell it how and why you see it a "certain way" in the right tone.
